MILES: So, you seem like you just . . .

30

0529

MILES: . . . get all this. Like you know how to handle it.

31

0530

MILES: Did you ever wonder why you were like . . .

32

0531
... "chosen."

0532
GWEN: I don't think anybody does.

0533
GWEN: I mean, a bug bites you, right?

0534

MILES: Technically, I don't think a spider's considered a --

36

0535
GWEN: Dude.

0536
GWEN: Look --

0537
-- i used to feel like you. Kind of lost.

0538

GWEN: When it first happened to me, I read everything i could on spiders.

40

0539
GWEN(o.s.) :And i found ONE thing that really seemed to help.

41

0540

GWEN: It's about how spiders get to where they want to go. Thing is -

42

0541
- they don't KNOW -

0542
-where they want to go.

0543
MILES: Then . . .

0544
. . .how do they get there?

0545

GWEN: A spider spins a web for the joy of spinning.

47

0546

Then the wind carries it, until it connects with something else.

48

0547
MILES: I don't . . .

0548
GWEN: You will.

410

1038

411

SPIDERHAM: Whoa, whoa . . . i love a good explosion as much as the next guy, but if we blow that thing up . . .

1039

GANKE: If the Collider's destroyed none of YOU guys can get home.

412

1040

GANKE: The only way you can get back is by entering the beam.
